

Ad Hoc Committee Brooklyn Community Board #5

NOTE

May 26, 2010

While the Ad Hoc Committee did not officially meet during the month of May, members have been working diligently on the issue concerning the PAI.

Members have reached out to the Schwartz foundation and are currently awaiting a response.

In addition, the Committee Chair is in the process of scheduling a meeting with Councilman Erik Dilan to discuss information he has obtained from the NYPD and next steps. The Chair previously scheduled a meeting with the Councilman but the Mayor's visit to the District forced the meeting's cancellation as the Councilman was required to accompany the Mayor.

The Ad Hoc Committee will submit a report in June summing up its communication and research efforts on this issue.

Respectfully Submitted,

Carolyn Walker Diallo, Chairperson
