

Economic Development Community Brooklyn Community Board #5

May 13, 2010

Minutes

Members Present: Salema Davis
Carolyn Walker-Diallo

The meeting was called to order at 6:35pm

The Chair discussed holding a Breakfast for CB5 business owners/representatives in June. However, due to preliminary discussions with Gateway mall businesses, it appears that the breakfast should take place sometime in the fall.

Ms. Davis discussed her outreach efforts with St. Paul Community Baptist Church as they own 11 stores on Stanley Avenue, between Schenck Avenue and Hendrix Street. She reported that the Church is in the process of opening a day care center in the near future and a few of the businesses will get new awnings.

Ms. Walker-Diallo stated that she will be speaking with Board Chair Nathan Bradley regarding upcoming Economic Development events/programs happening in the area so that the committee is working on relevant issues facing the community. She has also been reaching out and meeting with CBOs in the community to determine what economic development programs they have and to ascertain what collaborative events/programs can be created to benefit the community.

Ms. Walker-Diallo stated that the Committee needs to schedule fall events at the June meeting and possibly meet/discuss over the summer to ensure that the Committee has viable programs/events in the fall.

The meeting was adjourned a 7:10pm.

Respectfully Submitted,

Carolyn Walker-Diallo
Chairperson
